

American Welding Society

Johnstown/Altoona Section

We are excited to start the 2016-17, AWS year with tours of 2 interesting and busy manufacturing facilities in opposite ends of the Johnstown/Altoona Section.

DATE/TIME: October 3, 2016 (Monday) 6pm

LOCATION: Corle Building Systems, 404 Sarah Furnace Road, Imler, PA 16655

SPEAKERS: John Corle (Owner) and Len Duman (Manufacturing Supervisor)

Corle Building Systems is one of the country's leading manufacturers of custom-designed, pre-engineered metal buildings.

DATE/TIME: October 24, 2016 (Monday) 6pm

LOCATION: TSI Titanium, 718 Y St. Derry, PA 15627

SPEAKER: Ed Sobota (President)

TSI-Titanium is a world class titanium and alloy manufacturer, which produces quality forged and hot rolled mill products for aerospace, medical, chemical and other commercial users of titanium.

RESERVATIONS: Call Evan Bennear at 814-535-3594 or email at: ebennear@daleoxygen.com

COST: No cost. Refreshments will be provided.

Since we are touring working shops, NO SHORTS OR SNEAKERS are allowed. Steel toed shoes are preferred, but regular hard shoes are okay (NOT tennis shoes). Also, we are limited on visitors, so RESERVATIONS ARE A MUST!

We will be provided an update on the latest AWS national and international front, as well as a presentation on the AWS scholarships available to interested welding students of all ages.

If you are easier to reach by email than the US mail, please respond for reservations at ebennear@daleoxygen.com. Our goal is to reach all members and interested friends of the welding industry in an effective, timely and efficient manner!

The AWS Johnstown/Altoona Section Officers for 2016-17:

Don Howard—Chairman

Dave Spear—1st Vice Chairman

Bill Krupa—Secretary/Treasurer

Conner Howard—2nd Vice Chairman
